

For our other projects, our adopted children, they are doing well happy to go to school and not having to worry about life, and especially school fees and uniforms. They are happy and grateful for the love of their sponsors. Thanks for your sacrifice for them they will turn out to be great persons and good citizens.

Pastor Faustin and the 3 kids.

The motobike project, is running well and the boys and men riding them are happy with the way their lives have been changed. They are thanking you all who have been part of their journey. However there are many more who are waiting to have their own MotorTaxi. Help us here if you can, one motobike with all that is needed costs € 1800 how many we can help will depend on how many we can afford to buy will depend on the sponsorship we can get.

Herena aged 62 years old one of our very first students when we started our tailoring school in 1996. Then she was an aids patient and still is to this day. She has been so brave and encouraging to us and many around her. When she graduated we gave her a sewing machine to start her up with a small starting capital which she used to make her living as a challenge to us. She adopted two boys also born with aids she could work and earn money to pay rent, for the house, food, medicine to keep them alive. And all they needed. Sometimes we helped her as we could. But over the years she had a desire to have a place she could call her own to get old in. Without the burden of having to pay rent all the time. Thank God this time I was in Rwanda I was able to buy a house for her sponsored by a friend of mine may God bless her richly for her kind deed and love for the less privileged people. Well a lot of work still has to be done on this house but the good news is that she is already in it and she is already feeling at home. We still need to renovate the fence. Please help as you can?

Here I have to thank the government of Rwanda for the way they continue to care for their citizens. We don't have to worry about her medicines to keep her alive anymore, because the government provides it free for all.

Our 16 young men and women who run our audio-project can work again but their laptop needs to be replaced. Who can help them out? Please mark your gift as **"Laptop"**

Exciting news: My wife Marjan and I are planning to permanently move to Rwanda and go live and work there fulltime at the end of this year.

The foundation will continue in Holland and since we will not pay rent anymore we will have to use the post address of our board member Daniel Huisman.

The new postal Address is; Peter Gatete Europastraat 55 7091 XB Dinxperlo
